World of Wilcon

Quality | Experience | Satisfaction

Winter 2015

The setting for this patio home features some of the top amenities for boomers and seniors—offering beautiful scenery in all four seasons and close proximity to a community park and walking trails.

Mankato Residential Market Remains Strong

Mankato, Minnesota

Residential construction continued at a brisk pace in 2014. Several apartment projects are helping to meet the growing need for a variety of rental units. The Townhomes at Fox Run project features two-story attached executive townhomes. Phase One consists of 76 rental units and 10 for sale single-level townhomes. Phase Two construction will begin in 2015 and will add 20 single-level units to the mix.

2014 was an active year for single-family construction. The patio homes continue to appeal to boomers and seniors, as well as to young professionals. The home pictured was one of more than a dozen completed during this past year.

Energy efficiency, up-to-date floor plans and universal design are features Wilcon seeks to include in each house. Roll-in showers and three-foot-wide doorways are examples of universal design. These types of construction details enable homeowners to live safely in their home for as long as they choose to stay there.

The travertine tile in the master suite bathroom was selected as the perfect complement to display mementos from the homeowner's travels in the Mediterranean.

Our Holiday Message

The holidays are traditionally a time of reflection, when we look back at what we've accomplished and ahead with hope and promise to the future. It's also an opportunity to appreciate our own blessings and share some of what we have with those less fortunate. As a business, Wilcon has a lot for which to be grateful...our dedicated, hardworking employees, our outstanding building team partners, our supportive corporate friends and, of course, our loyal clients, without whom we would not exist. On behalf of the entire Wilcon Construction staff, we wish you a safe and happy holiday season and a healthy and prosperous 2015.
